RULES AND REGULATIONS GOVERNING THE PARKING OF EMPLOYEE VEHICLES ON NYC TRANSIT PROPERTY

- a) Employees parking their vehicles on NYCT property are in all respects subject to the "Rules and Regulations Governing the Parking of Employees Vehicles on NYC Transit Property."
- b) In the presence of the employee, at any time, all vehicles including their contents, interiors and trunks are subject to search and/or inspection by authorized representatives of the NYC Transit. Any attempt to interfere, prevent or otherwise impede such search shall result in immediate withdrawal of the parking privilege and may subject the employee to disciplinary action.
- c) The Department of Security shall furnish each NYC Transit employee, who requests and is authorized, one (1) Parking Permit for their vehicle(s). Parking Permits are not transferable to any employee other than the employee to whom it was issued. The Parking Permit is to be used for any and all of the employee's vehicles.
- d) Employees must display/present both their Parking Permit and location decal (if required) and their employee NYCT Pass to the assigned Transit Property Protection Agent. Those failing to do so will be denied access to the site involved.
- e) The Parking Permit is to be conspicuously hung from the rear view mirror and plainly visible at all times while the vehicle is parked on NYC Transit property. Failure to do so may result in vehicle being towed and/or loss of Parking Permit privilege.
- f) In addition to the standard parking permit issued to operators of automobiles, an employee owning a motorcycle, scooter, or moped shall be issued a sticker to be affixed conspicuously on the vehicle. Recognizing that the standard parking permit cannot be adequately secured to a motorcycle, employees shall use this sticker or a self-created magnet or sign to identify their parked vehicle with the assigned Parking Permit number.
- g) All vehicles must conform to New York City and State Motor Vehicle traffic laws for parking privilege eligibility.
- h) No employee shall work on his/her vehicle while on NYCT property, except for emergency repairs that shall be on his/her own time and not during their tour of duty. Prior to performing any emergency repair on NYC Transit property, an employee must obtain permission from the Location Chief.
- i) No employee shall remove his/her vehicle from NYC Transit property before completion of his/her tour of duty. However, employees are permitted to use their vehicles during major break periods such as lunch and dinner.
- j) Abandoning and/or stripping of vehicles on NYC Transit property will be cause for revocation of Parking Permit and will subject the employee involved to disciplinary action.
- k) At no time shall any employee park his/her vehicle or allow his/her vehicle to be parked in a manner that will interfere with NYC Transit operations.
- l) Illegally parked vehicles and those interfering with NYCT operations will be towed at the owner's expense.
- m) Vehicles are not being driven at speeds in excess of ten (10) miles per hour while on NYC Transit property.
- n) Vehicles shall not be brought onto NYC Transit property before the employee's tour of duty or remain after his/her tour of duty unless employee is required to work overtime. Vehicles shall not be permitted on NYC Transit property at any other time without permission of the Department of Security and/or the Location Chief.
- o) In the event of any changes in the information furnished on the application for a permit, the employee must give immediate notice of such changes to the Department of Security.
- p) Upon an employee leaving the service of the NYC Transit, the parking permit must be returned to the Location Chief or the affiliated Department/Division Parking Permit Coordinator for forwarding to the Department of Security.
- q) Any attempt on the part of an employee to misuse, misrepresent, defraud, sell or use other means to violate the parking privileges shall result in revocation of the Parking Permit and possible disciplinary action to the employee(s).
- r) Lost/stolen permits shall be reported to the Department of Security as soon as possible. The employee involved must follow additional requirements, as identified by the Department of Security, prior to the issuance of a replacement permit.
- s) The following applies to Parking Permit requests made after September 1, 2009, for both new and existing NYCT employees who have either lost their assigned parking permit or are reporting it stolen and applying for a replacement for any other reason: All vehicles parked on NYCT properties must have valid state registry from any one of five US States: NY, NJ, PA, CT or DE. If vehicle carries state registration from any other US State, US possession, Canadian province or any other country, approval must be obtained from the employee's Division Head via submission of a memo justifying the "out-of-region" registration. The parking permit application, photocopies of employee's driver's license and vehicle registration(s) together with the justification memo (if necessary for out-of-region registrations) properly approved/endorsed by the employee's Division Head must be forwarded to the Department of Security, Parking Permit Section, 2 Broadway, 26th floor, New York, NY 10004, for processing.

employees requesting parking permits for the first time and existing NYCT employees requesting replacement parking permits for any reason, such as: originals lost or stolen, replacing an hourly (white) permit with a supervisory (blue) one due to promotion, etc., vehicle registration information must be provided. Also, vehicles **must** be registered in any one of five US States: **NY, NJ, PA, CT or DE**. Out-of-region registrations will **require justification** to park any vehicle on NYCT property and approval by the employee's Division Head (see memo attached).

Attached is the new Parking Permit Application with the requested vehicle registration information highlighted in yellow. Reproduce as many photocopies as you require. Please destroy any copies of the prior version you may have. You are encouraged to use this new form immediately. However, after Sept. 1st we will **ONLY** accept the new application to process parking permit requests.

Specific details concerning this change are listed on attached sheet. Should you have any further questions, please do not hesitate to contact me.
